
Note: For information regarding use of the District's technology resources, see CQ. For information regarding intellectual property and copyright compliance, see CY. For information regarding student records, see FL.

The District will maintain a District website for the purpose of informing employees, students, parents, and members of the community of District programs, policies, and practices. Requests for publication of information on the District website must be directed to the designated webmaster. The Communications Officer and the District Webmaster will establish guidelines for the development and format of web pages controlled by the District.

No commercial advertising will be permitted on a website con-
